FIVE PER CENT.

REGISTERED AND COUPON WATER WORKS AND TRUST BONDS,

\$1,000, \$500 and \$100 EACH,

OF

The National Water Works Investment Company, CAPITAL, \$500,000.

SECURED BY THE PLEDGE OF SIX PER CENT. WATER BONDS DEPOSITED WITH THE FARMERS' LOAN AND TRUST CO.

DIRECTORS.

GEORGE F. BAKER, President First National Bank, New York.

C. G. POMEROY, of Messrs. Post, Martin & Co., New York.

E. W. CLARK, of Messrs. E. W. Clark & Co., Philadelphia.

F. C. FAHNSTOCK, Vice-President First National Bank, F. M. COLSTON, of Messrs. Wilson, Colston & Co., Baltimore, Md.

THEODORE C. WOODBURY, of Messrs. Woodbury & Montauk, Portland, Me.

ARTHUR N. MARTIN, of Messrs. Post, Martin & Co., New York.

Large bonds, the direct obligation of the National Water Works Investment Company, have to investors the following advantages:

FIRST.—As security, a direct charge against the capital of the National Water Works Investment Company, amounting to \$500,000.

SECOND.—The benefit of the trained talent, experience and judgment of the experts employed by the National Water Works Investment Company, and the business judgment of its directors.

THIRD.—Constantly increasing security. The municipal bonds, either directly or otherwise, make such contacts with the Water Works Companies as to give them practically the same credit as the water supply. Every increase in the population increases the demand for water, and the consequent revenue of the Company, as the City grows, therefore, the revenue of the Water Company, and the security of these bonds correspondingly increase.

FOURTH.—The Company sees that, as greater security to the bonds which it purchases, assignments are made by the local Water Company directly to a Trust Company for the benefit of the bondholders, so that the investor will have the additional further security of the municipal obligation, in addition to that of the local company and that of the National Water Works Investment Company.

These bonds, therefore, combine the advantages of MUNICIPAL OBLIGATION, DIRECT OBLIGATION OF THE LOCAL WATER WORKS COMPANY, and the ABSOLUTE OBLIGATION OF THE NATIONAL WATER WORKS INVESTMENT COMPANY.

It is believed that these bonds are an absolutely safe investment, based on an element vital to the existence of every community, secured by most stringent provisions for the protection of the investor, and having the additional advantages of ready convertibility.
